

Features

- Rounded ergonomic handle for easy access with a comfortable grip
- Multiple-base compatibility fits most bases in your inventory
- Recessed reflective band tiers for long-lasting protection of sheeting
- Four 5" wide anti-rotation claws will keep drums facing traffic
- Built-in sheeting edge protector guards against wear during stacking
- Five-tier design for better visibility in heavy traffic
- Double light mounts on handle for added convenience
- Domed top sheds debris and water
- Ribbed bottom lip for easy base attachment
- Two-piece top & base design allows dragging without separation
- Two-piece breakaway feature allows controlled separation on impact
- UV-stabilized bright orange polyethylene protects from sun damage

TRAFFIC DRUM

New to the Work Area Protection Corporation drum line is the "Lane Changer™" B500. Lane Changer maximizes load quantities per truck using a superior stack height design. With a truckload of Lane Changer™ traffic drums, you'll get more drums on the job site in fewer trips.

Not all Traffic Drums Stack Up to The "Lane Changer™"

Channelizer Drums & Bases

Product No.	Model No.	Description	Base
272032	B500/LC	Drum 4X4" EG Sheeting	Top Only
