

WORK ZONE ROLL-UP SIGNS

Features:

- Easy storage
- Lightweight
- Abrasion-resistant sign faces
- Sturdy fiberglass ribs
- Extremely flexible soft vinyl
- Fade-resistant orange mesh and reflective materials are available
- Very durable, plastic corner pockets
- Quick and easy setup and takedown
- Hook and loop storage strap wraps around sign for easy storage
- Rolls or folds for compact storage
- Anti-kiting strap holds sign to ribs securely
- Sign legend markings are printed on corner to allow for quick identification of the sign legend, without the necessity of unrolling the sign face
- These signs can be used with any of our "Work Zone Series" sign stands
- Signs are 48" x 48"

Your Best Solutions for Temporary Traffic Signs

Work Zone Series Signs are lightweight, easy-to-handle solutions designed for wherever temporary traffic signs are needed. All Work Zone Series signs can be used with any of our Work Zone Series Sign Stands.

Our Mesh Signs are the smart, economical choice for daytime-only jobs, while our Reflective Signs are perfect for both daytime and nighttime applications. For any temporary traffic sign situation, Work Zone Series has the solution.

Mesh – Economical daytime use. 48" x 48".

Product No.	Model No.	Sign Legend
274610	48MO-BPTS	Be Prepared To Stop
274611	48MO-FS	Flagger Symbol
274612	48MO-RLCA	Right Lane Closed Ahead
274603	48MO-UWA	Utility Work Ahead

274622	48RO-WS	Worker Symbol

Other legends and 3M diamond-grade high-performance materials are available upon request.

Work Zone Roll-Up Accessories

Work Zone Series Flag Assemblies

Flag brackets may be assembled in the field using simple hand tools, no drilling required.

Product No.	Model No.	Description
270815	WZ-FB	Flag Bracket. Holds up to 3 wooden dowel flags (sold separately). Bracket remains attached and flags are stored separately.
272179	WZ-FA	Bracket includes 2 fiberglass staffs and 2 flags. Flags and staff remain attached to the sign when stored.

Work Zone Series Sign Overlays

Overlay panels attach to sign faces with snap button fasteners. Signs and overlays are designed to allow the overlays to be attached to the back of the sign for storage.

Product No.	Model No.	Description
274609	48MO-OL	Mesh Overlay "Left"
274615	48RO-OL	Reflective Overlay "Left"

Work Zone Series Sign Carrying Bags

Sign storage bags are made of heavy-duty Cordura fabric to help in protecting your roll-up signs when stored. The bags are mildew and rot resistant and are designed to prolong the life of your roll-up signs.

Product No.	Model No.	Description
270168	WZ-CB	Carrying Bag for 48" roll-up signs

Stable Stand

Designed with a positive-stop feature that allows for signs to remain readable to oncoming motorists, even in strong wind conditions. Adjusts to accommodate rigid or roll-up signs up to 48". Roll-up signs require a U-100 Universal Clamp attached to the sign. Rigid signs require an 1180 Mounting Bracket on the stand. Able to display flags or flashing light with adapter as required. Easy to set up and store.

Product No.	Model No.	Description	Weight	Storage Dimensions(H x W x D)
274859	1148	Stable Stand	30 lbs.	63" x 7" x 9"

Accessories for the Stable Stand

Product No.	Model No.	Description
271396	U-100	Universal Clamp
